DAHBASHI ENGINEERING WISHES ALL ITS READERS EID MUBARAK !

The traditional **Iftar Dinner** this year was held at the Crystal Ballroom at the Hyatt Regency Hotel on August 02nd., 2012 at 2030 hours.

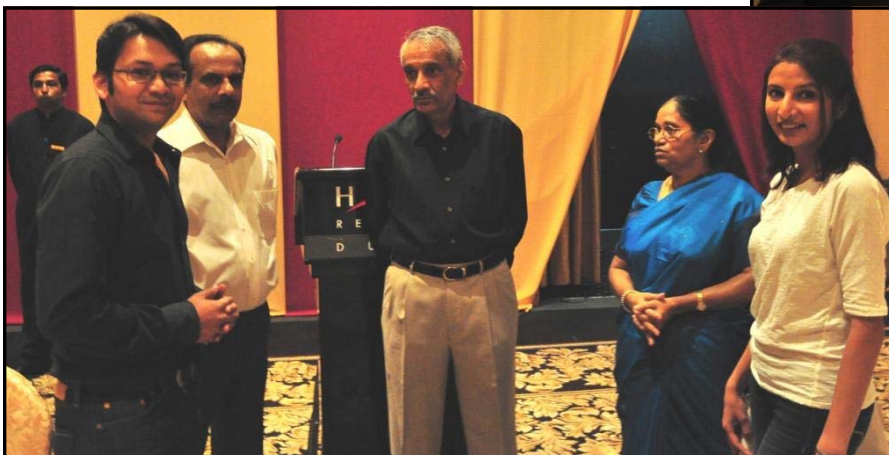

Inside...

IFTAR DINNER	1-4
A FULL HOUSE	5-8
GAYAN	8
DE HAPPENINGS	9

As with previous years, it served as a meeting point for members of the DE family to catch up with each other. With the operations growing at a steady pace and new branches opening up, it is only a couple of times a year that everyone gets a chance to meet everyone else.

July 2012
The Dahbashi Journal

The photographs over the preceding pages are a silent testimony to the camaraderie that is resplendent among the members of the DE family.

It is evident that everyone had a great time !

A FULL HOUSE !

July and August have been busy months for us with a host of shipments coming in from all over the world. The facility is almost bursting at the seams and we have had to requisition every nook and cranny to store product !

In **July** alone, the number of in-coming shipments have been nothing short of spectacular :

Mode	Number of shipments	Tonnage	Number of Line Items
Courier	27	0.28	101
Air Freight	13	2.67	457
Sea Freight	57	268.00	5113

Going down another statistical route, the actual movement in terms of numbers was as follows :

Total Number of Line Items received	Quantity
5671	210733
Total Number of Line Items Issued	Quantity
7556	112999

With an average of over 4 shipments per day, both the **Purchase / Administration** and **Warehouse** teams had their work cut out for them.

Over and above these, there were the direct shipments (17 in all) weighing a total of **83 tons** and containing **441 line items**

July 2012
The Dahbashi Journal

to the **Joint Ventures**, paperwork for which had to be administered at the Corporate Headquarters in Dubai.

The figures for **August** will only be available at the month-end. With the volume of orders already in the system and details of in-coming shipments being up-dated on a regular basis, the trend will continue for the next few months.

Even with one of the most sophisticated, powerful and stream-lined proprietary on-line software systems in the industry, wherein most of the processes are automated once the initial data has been fed in, the work-load for the **Purchase / Administration Team** did get to be quite a handful.

Of course, the **Warehouse Teams**, both in the **Parts** and **Materials Handling stores**, did have their work cut out for them !

Topping everything else was the fact that the U.A.E. has experienced its most severe summer in the past 20 years with temperatures crossing 45-47 degrees Celsius on a regular basis !

But everyone carried on like merry troopers, oblivious to everything else except the job in hand. Full marks to **Menon** for marshalling the **Parts Warehouse Team** and encouraging / mentoring them to give off their best.

With a total staff strength of **25** in the **Parts Warehouse** and another **4** in **MHD**, the team is split up into **Receipt, Checking / Re-packaging / Binning** and **Issue Sections** in a streamlined and organized manner.

Congrats to the **Purchase / Administration** and **Warehouse teams** for a job well done, in extremely trying circumstances !

NEW ADDITIONS TO THE DAHBASHI FAMILY !

**Abdul Moid,
born to
Ehtesham and
Amtul on June
14th., 2012 !**

**Neha Anna,
born to Clessy
and Prasanth on
June 24th.,
2012 !**

The Dalai Lama, when asked what surprised him most about humanity, answered "Man. Because he sacrifices his health in order to make money. Then he sacrifices money to recuperate his health. And then he is so anxious about the future that he does not enjoy the present; the result being that he does not live in the present or the future; he lives as if he is never going to die, and then dies having never really lived."
