## MOTIVE POWER SERIES

Rolls premium deep cycle batteries specialise in the production of heavy duty deep cycle batteries for many market sectors including Motive Power.

# Rolls

## FS SERIES

With the ever increasing demand placed on batteries in today's tough markets, reliability is key. Rolls 6V, 8V and 12V FS Series batteries incorporate a new plate design with a larger surface area and higher density paste, providing increased performance for high cycle applications. Powerful and dependable, these popular models provide ample power for a wide range of marine systems.
